**The Center for Construction Excellence
6th Annual Middle School Design-Build Competition**

The Middle School Design-Build Competition is celebrating its 6th anniversary. From its beginnings in 1998-1999 until today, the competition has seen tremendous growth and enthusiasm! The first competition was held in 1999 and had 64 students. Last year there were 3200 students. This year is even bigger! We are hosting regional events in Kansas City, Springfield, and St. Louis. The Center now rotates projects yearly from residential, commercial, heavy highway, and industrial construction.

We need industry's participation! Please join us on March 2, 2004!
